

Inspire

2017-2018

LOVE
LIFE

Ms. Dianne
serves
us food
and cooks
us food
when she
comes.
We go to time
to eat
PB&J's

SNACK
TIME

GUITAR

Ms. Lucy
comes
once a
week and
teaches
us how to
play the
guitar.

OUTDOORS

Ms. Noore takes us outdoors
and we do different things
-> like nature art when we
make thing out of the thing
surrounding us.

BASKETBALL

Mr. Stephan comes on Thursdays and teaches us different tricks in basketball.

ART

We have two different types of art, Fiber art and regular art. In fiber art, we create stuff using yarn and other materials. In regular art we do different things every time.

Garden Fun

African Gardening-style!

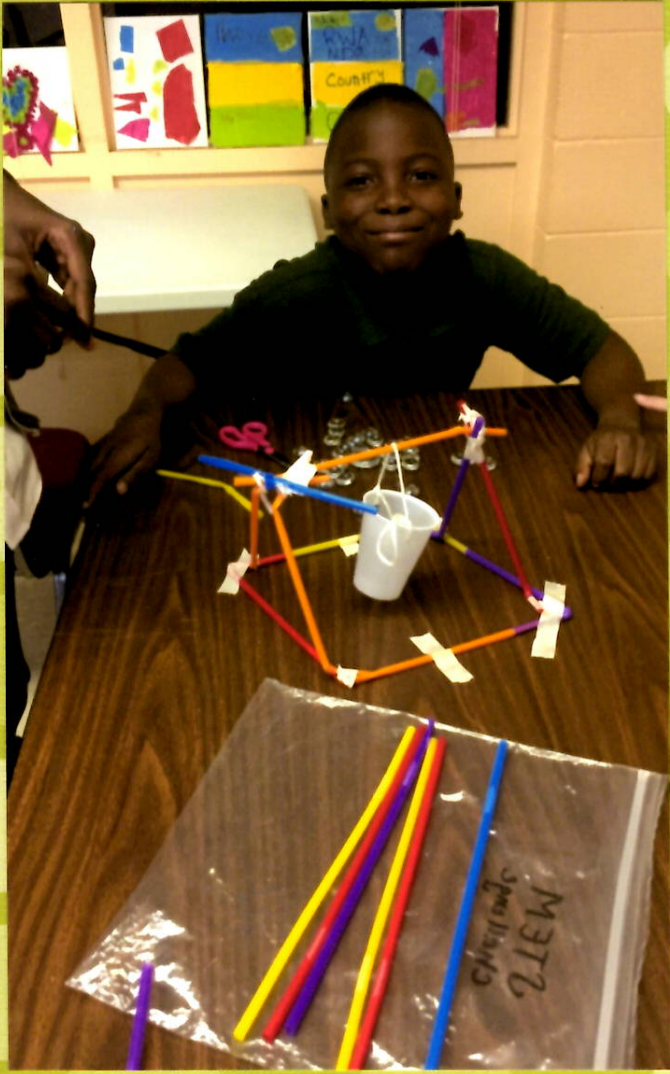

CHECK
OUT
THIS
HARVEST

STEM SCIENCE TECHNOLOGY
ENGINEERING MATHEMATICS

Whose bucket tower can hold the most weight?

Cooking is fun
and we make
so many good
things

Banana
Bread.

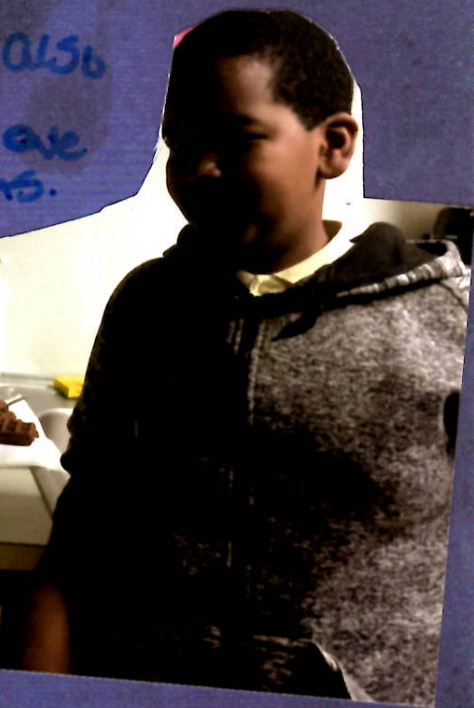

everyone loves to
work and
Cook every
day
But we

↑
look.

HOMWORK TIME

Learning math,
how to spell, and
how to read!

The PEACE ROOM

We learned about
OUR
community,

ourselves,

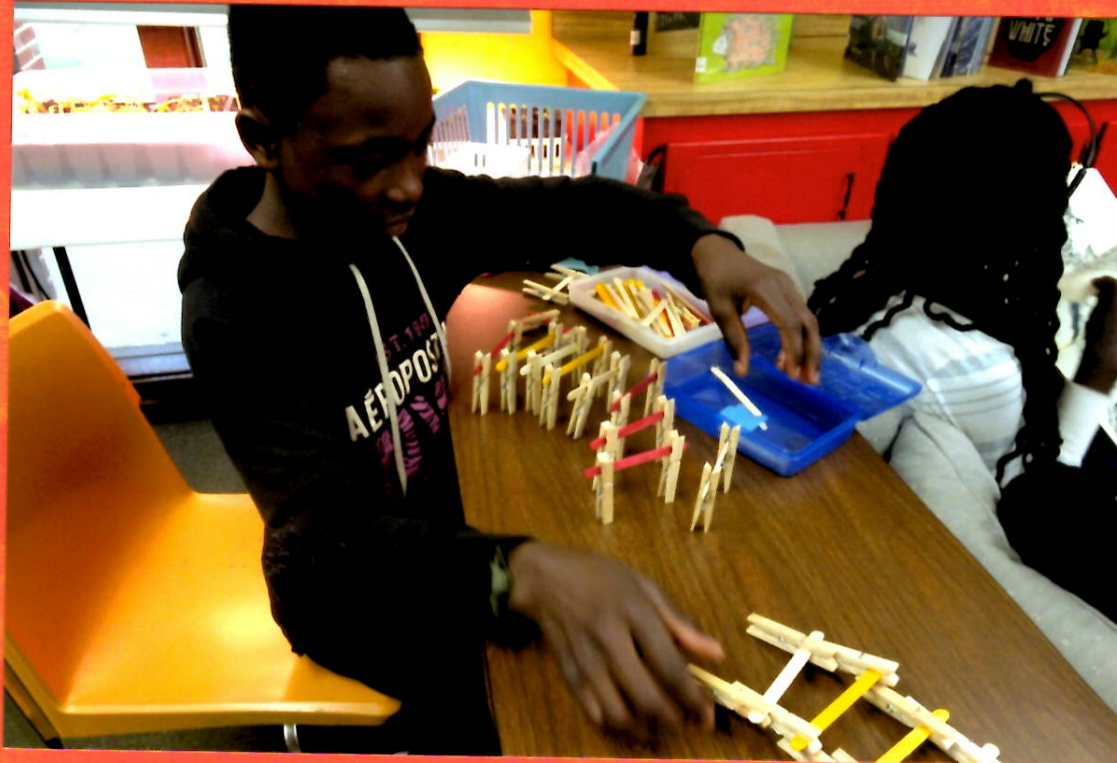

and one
another.

Ms. Noore
taught us
how to
make dye,
and spin
Yarn
using
Sheeps
Wool.

LEARNING CENTER

We do
S.T.E.M
(Science, Technology, Engineering,
and Mathematics)
challenges.

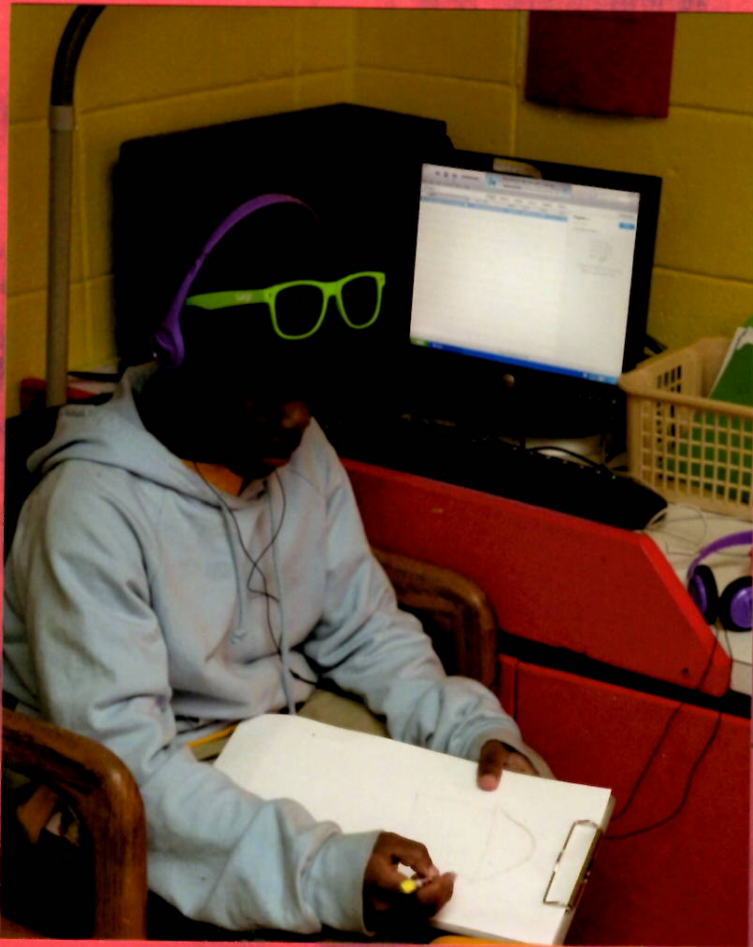

We challenge ourselves
with math
games and
quizzes.

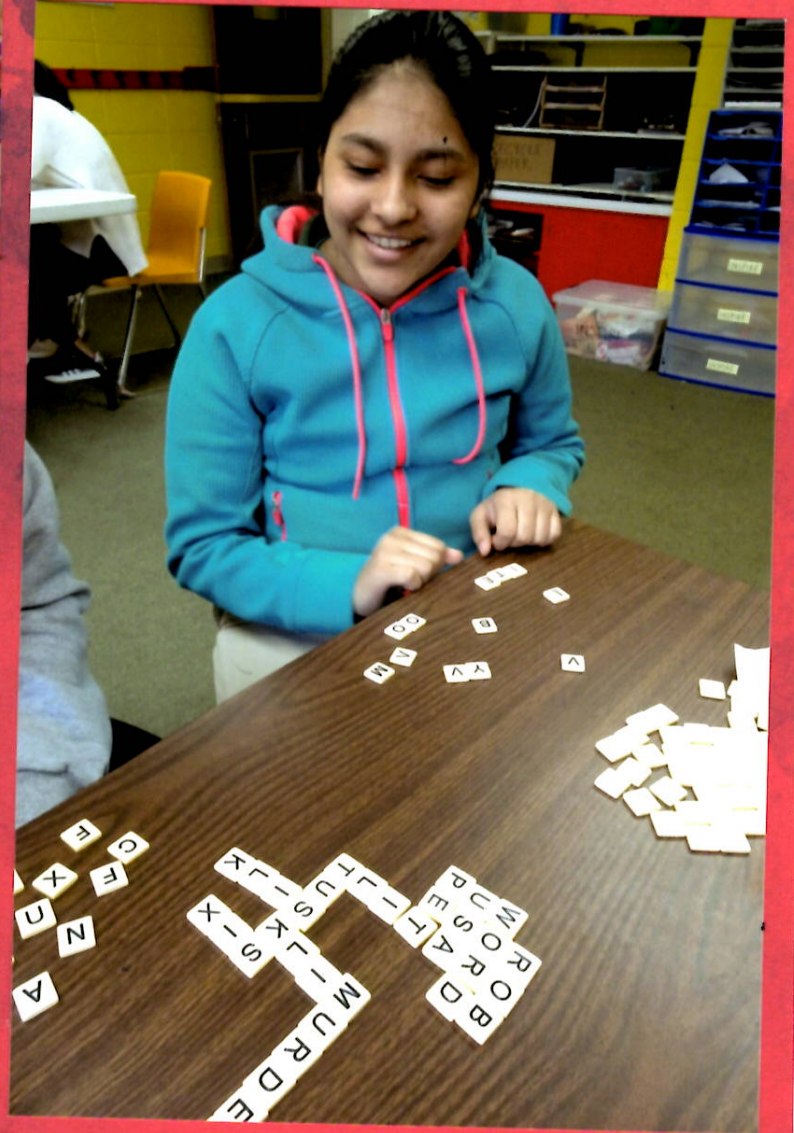

When we do nature Journal, we pick something out of a bowl and we draw and write a story and poem about that object.

Inspire teachers help us read and to better understand the book.

We listen to science podcasts and while we are learning, we draw and color our drawings.

We play Scrabble and learn different words and also have fun.

We learn about events that are currently happening and answer the questions about the event.

We match
Peoples
facial expressions
to the emotions
that we think
they are displaying.

We do even
make S.T.E.M ^{hard}
challenges with _{for}
people to make it harder.

We read books
at Inspire by our
lives to challenge our
selves and to get a
higher Lexile.

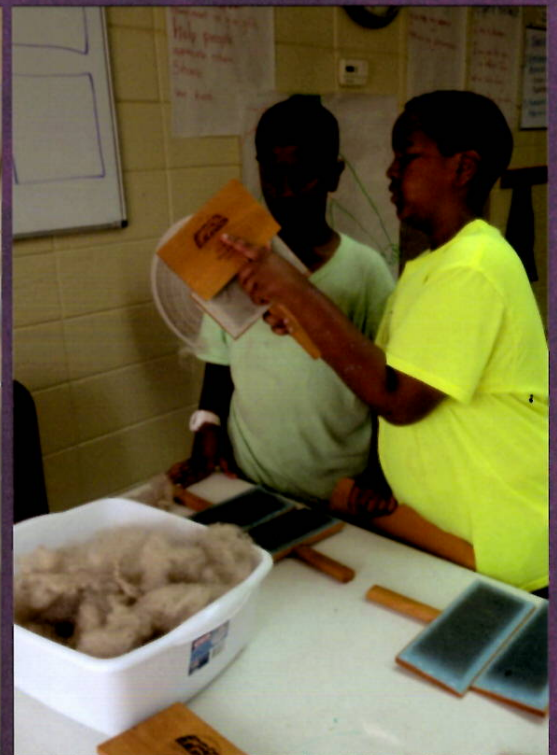

OPEN HOUSE

Apsana is showing her dad where it says welcome in different languages and their languages, Nepali.

Mala tells the neighborhood kids about our enrichment activities.

Dahir shows his brother how to card wool.

Loving Open House

Caring!

Sharing Family Friends

New York University student visited us! we got lots of help in just 1 week!

BEST Friends forever! ↑

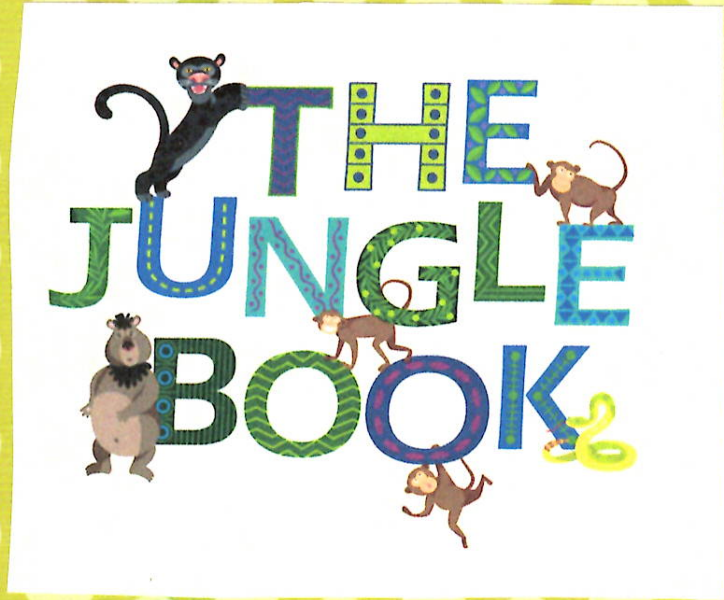

We all made
friends that we loved!

FIELD
TRIP
to see

PIEDMONT PARK FIELD TRIP

At the Piedmont
Park, we saw a lot
of dogs and
beautiful places
that we never
saw before.

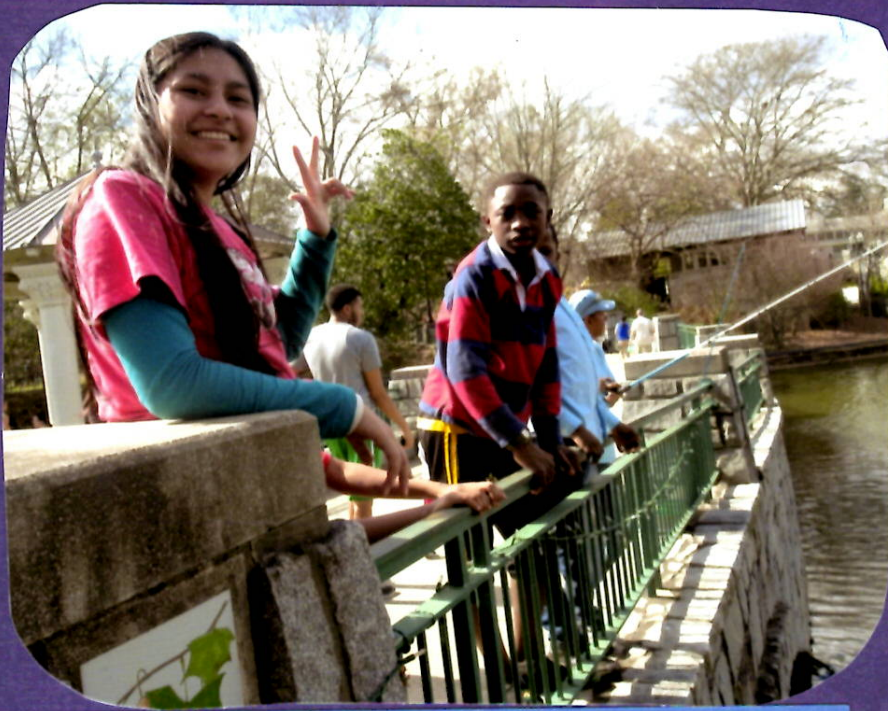

We had quite an adventure!

Riding MARTA

We got some exercise!

PIEDMONT
PARK

The view was
so pretty! ↗

We had a
picnic with
yummy food!
Look at the
beautiful
scene! →

ATLANTA SCIENCE FESTIVAL™

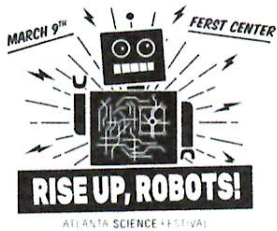

field trips

Ecology

Robots

Ayub & Mustafa learned all about the ecology of our city!
